Haydenburg.

Haydenburg Tenn.
Oct. 7, 1921.

We have just closed another very successful month's work, in which many pupils have made rapid progress. Others have done very satisfactory work.

The following pupils are placed on honor roll for the month, based on work done and deportment maintained.

1st grade, Ruth West; 2nd grade, Bessie Wilson, and Dillard Dyreus; 3rd grade, Jona Clark; Ruby Brazzle, and Orbie Hancock; 4th grade, Zelma Williams; 5th grade, Daisy Baker; 6th grade, Roveila Clark; 7th grade, Orene Webb.

Let's all pull together for another and better month's work.

Respectfully,
John Johnson, Prin.

New Salem.

Our third month of school closed Friday, with all grades

doing splendid work. Enrollment for the month 87 with daily attendance 68.

Dr. R. L. Anderson was with us last week and gave us a splendid lecture on sanitation. Also Rev. K. A. Early was with us. We wish we could have these men to come again before our school closes.

We believe we have a model school, and we want to extend our congratulations to the patrons for their most hearty co-operation. Parents, we can make this one of the most successful schools in the county. And to be successful we must have good attendance.

We are not only here from 8 o'clock until 4 o'clock, but for the best service that we can render.

We have met the requirements for the U. S. Flag, given by the generous editor, and thank those for helping to put it over.

New Bethel.

School is progressing nicely, with one exception. Some few continue to be irregular in at-

tendance.

We would like to impress the fact, that it is almost impossible for one to finish a grade without regular attendance. We wish to say to the parents. If you are interested in your children, don't fail to send regular.

Following is honor roll for third month.

1st, 2nd and 3rd grades are based on attendance and class work. The remaining grades on examination, requiring an average of 85.

1st grade; (a) Edna Burton, Thurmdn Carter.

(b) Bessie Freeman, Johnnie Lovelady.

(c) Georgie Kernel.

2nd grade, Margaret Wade, Vanda Fay Jones.

3rd grade; Earle McCawley, Nola Creaghead, Hester Pyron.

4th grade, Hubert Hix.

5th grade; Zelma Forkum, Bessie Sadler.

6th grade; Mary Dennis, Edna Richmond.

8th grade, Georgie Lee Wade, Grace Sadler, John D. Carter, Denal Dennis.

We state it as our honest belief that the tobaccos used in Chesterfield are of finer quality (and hence of better taste) than in any other cigarette at the price.

"They Satisfy"

"No matter where they live there's a nearby U. S. Dealer with his nearby U. S. Factory Branch"

Who says that "bargain" tires are what the people want

MOST everybody knows the easy-going sort of man who never takes a tire seriously until he gets a blow-out.

How long he will resist universal tire education is a question.

But this is sure—

More people are finding out every day that between leaving things to luck and getting *real economy* there is a big difference.

Many a car-owner has come to U. S. Tires because he couldn't afford to keep on *paying* that difference.

Probably seven out of ten users of U. S. Tires came to them only after they'd had enough of "discounts," "bargain offers," "clearance sales of surplus stocks" and other similar appeals.

They have found *economy*—and they stick to it.

They pay a *net* price—not "something off list" that may not mean anything in the first place.

They get *fresh, live tires, being made and shipped* while this message is being written.

No matter where they live there's a nearby U. S. Dealer with his nearby U. S. Factory Branch.

U. S. Tires keep *moving*.

No opportunity to get old and dried out. No shifting here and there trying to find a market.

Every U. S. Tire a *good* tire, wherever you find it anywhere in the country.

Because the U. S. policy is a *good* policy that serves the car-owner all the time.

Doing the very best for him that human good faith can do.

THE U. S. CHAIN TREAD

One of the few tires of which it may be said that they deliver economy year in and year out and tire after tire.

The U. S. Chain Tread gives sufficient traction on all ordinary road surfaces. It is probably the handsomest, and by all odds the most popular, of the whole U. S. Fabric Tire line.

The student body is improving, both individually and collectively. Better interest was manifested during the last month than usual. I think it is mostly due to good discipline, and especially the calisthenics drill and physical exercises, that we engage in about thirty to forty minutes each day. This creates more pep and enthusiasm among the pupils and keeps them in a better spirit to study, so they seek for no time in idleness.

Education begins before the child enters school, and it continues after school days have passed.

There are numbers of life's activities of play, pleasure and industry continually at work for education, but the school is the only institution whose direct purpose is education. Hubert Spencer says "Education is preparation for complete living."
